

Be There

When you connect with your child every day, your child benefits for life. When he or she knows you care and are concerned about education, the following occurs:

- Achievement in school improves; students earn higher grades and test scores and enroll in higher-level programs.
- Children want to go to school.
- Courses are passed, credits earned and students are promoted to the next grade.
- Self-confidence improves.
- Children have better social skills and behavior at home and at school.
- Students graduate from high school and go on to postsecondary education.
