

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all of our students reach grade level standards.

Our Compact will benefit everyone!

Jointly Developed

The parents, students, and teachers of Berta Weathersbee Elementary developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact.

Parents are welcome to contribute comments at any time!

If you would like to volunteer, please contact our Family Liaison– Rachel Steele- by calling the school.

Activities to Build Partnerships

Anytime parents visit BWES– from lunches to academic workshops– our partnership is strengthened! Please check the student handbook or calendar for all events. If you would like to volunteer or mentor at the school, please call us!

Communication and Student Learning

BWES is committed to frequent two-way communication with our families about student learning. Here are some ways we communicate:

- Tuesday folders
- Updates on our school website
- Home visits
- Parent Conferences
- School marquee
- Class Tag
- Phone Calls, emails, texts

REVISION DATE : 08/11/2021

School-Parent Compact For Achievement 2021-2022

3rd Grade Focus for Student Success

Our Goals for Student Achievement

District Goals:

1. Ensure all students achieve at their highest level of academic performance.
2. Provide a safe, secure, and wholesome learning environment.
3. Engage all students, staff, families, businesses, and the community in the educational process.
4. Maximize efficiency and productivity in pursuit of the system's mission.

BWES

3rd Grade

By the end of the 2021-2022 school year, 25% of students will score proficient or above in ELA according to Georgia Milestones Assessments.

By the end of the 2021-2022 school year, 25% of students will score proficient or above in Math according to Georgia Milestones Assessments.

Teachers, Parents, & Students Working Together for Success

In the 3rd Grade Classroom

The 3rd Grade teachers will work with students and their families to support academic student success. Some of our key connections with families will be:

Encourage students and parents to watch, read and discuss current events to build awareness.

Encourage students and parents to drill and practice multiplication facts for speed and accuracy.

Encourage students and parents to read at home nightly.

At Home

BWES parents joined staff to develop ideas about how families can support student success in Reading and Math

Parents will read about and discuss current events with their child(ren).

Parents will practice, quiz and encourage their child to become fluent in multiplication.

Parents will read with their child(ren) every night.

Soaring Eagle Students

Students joined staff and parents to develop ideas about how they can succeed in school. They shared the following ideas:

Students will read about and discuss current events with their parents.

Students will practice their multiplication facts to increase speed and accuracy.

Students will read nightly.

Teachers, Parents, and Students believe these additional key points will create success for our 3rd Graders this year:

1. Arrive to school on time and be prepared to learn.
2. Maintain communication between parents, teachers, and students.
3. Communicate academic progress by sharing data continuously throughout the year.
