

Go to the following link for Follett Destiny Ebooks:

<https://search.follettsoftware.com/metasearch/ui/65524>

Once at the Destiny Discover Site, here are the steps to access the ebooks:

-Log-In to the website using the “Log-in” button in the top right hand corner. Students need to use their troupe.org username and password

-You will then be “logged” into the Destiny website

-Scroll down the page until you see “Ebooks”

-From here I would suggest you select “See All” on the right hand side.

-Once selected, you can see all the ebooks we have available.

-Books labeled “Green –In” are books that are available to check out

-Books labeled “Red-out” are books that are checked out and not currently available.

-If a student wants to look at a book, they have 2 options. “Open” or “Checkout”. Students can select “Open” and they will be able to do a quick preview of the book to see if they like it. This option only allows students to see the book for a few minutes. If they select “Checkout”, the book will be added to the student’s checkouts and they can read the book at any point until they check it back in.

-Once the student “checks out” the e-book, students need to go to the main menu (need to use the back button or back arrow then go to the upper left corner with the 3 lines). After clicking on the 3 lines, students will need to go down to “checkouts”. Students will be able to access their ebook through this link.

-Once the student is done with the book, we asked them to select “Return” so that the book becomes available to other students.

-Ebooks can be accessed through the above website, or through the Follett Destiny app.
