

How do you find the volume of a cylinder?

1ST
Find the area of
the base "B"
using πr^2 .

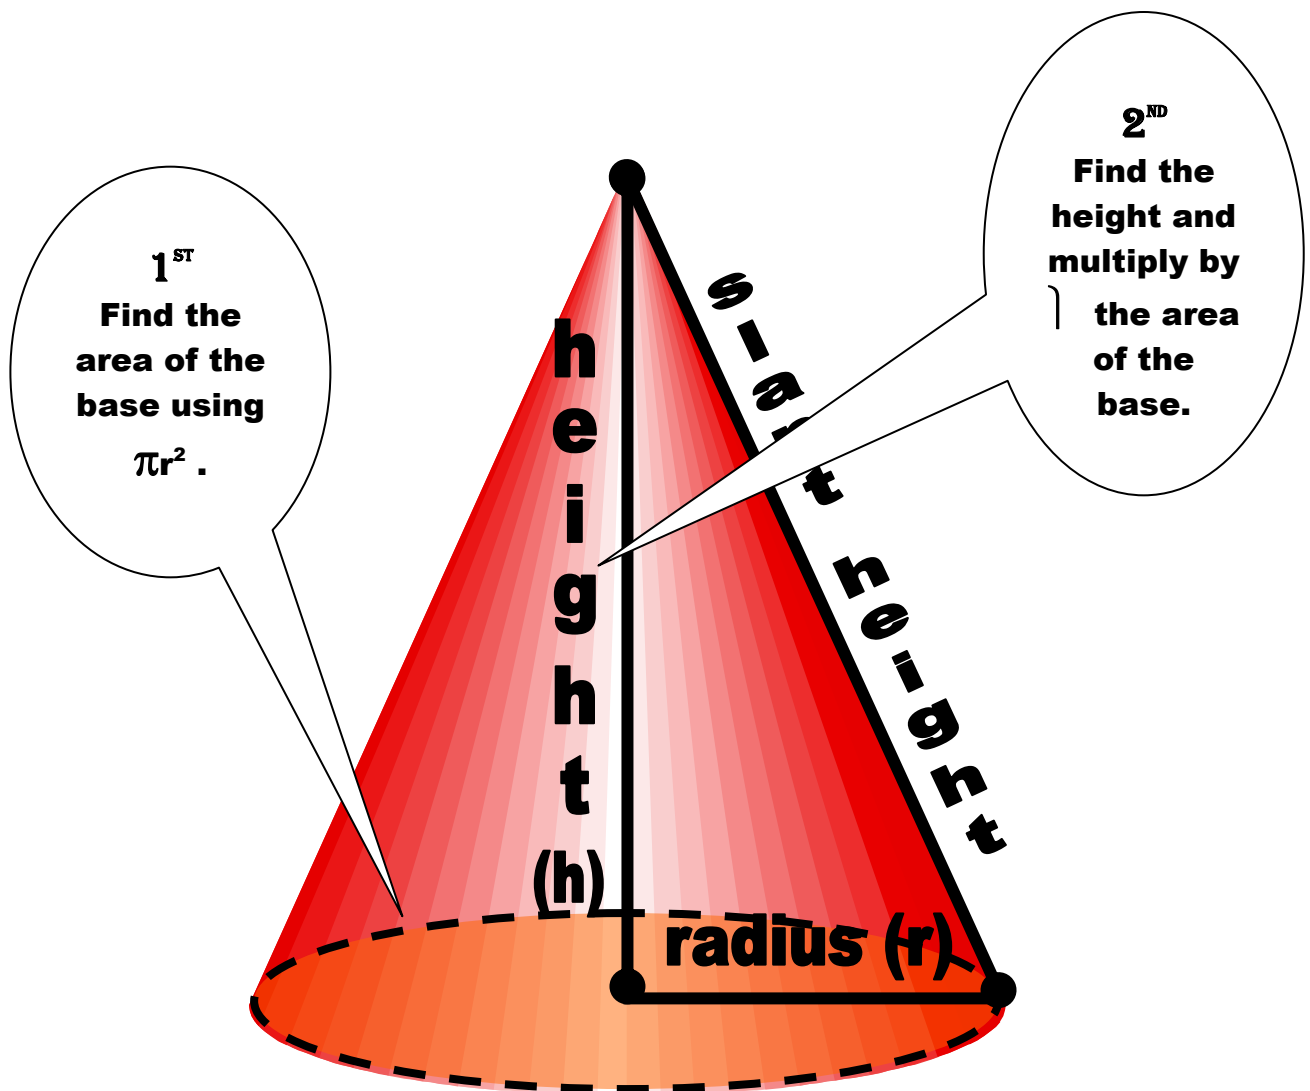

2ND
Multiply
the area
of the top
by the
height
"h".

Use the volume formula

$$V = \pi r^2 h$$

How do you find volume of a cone?

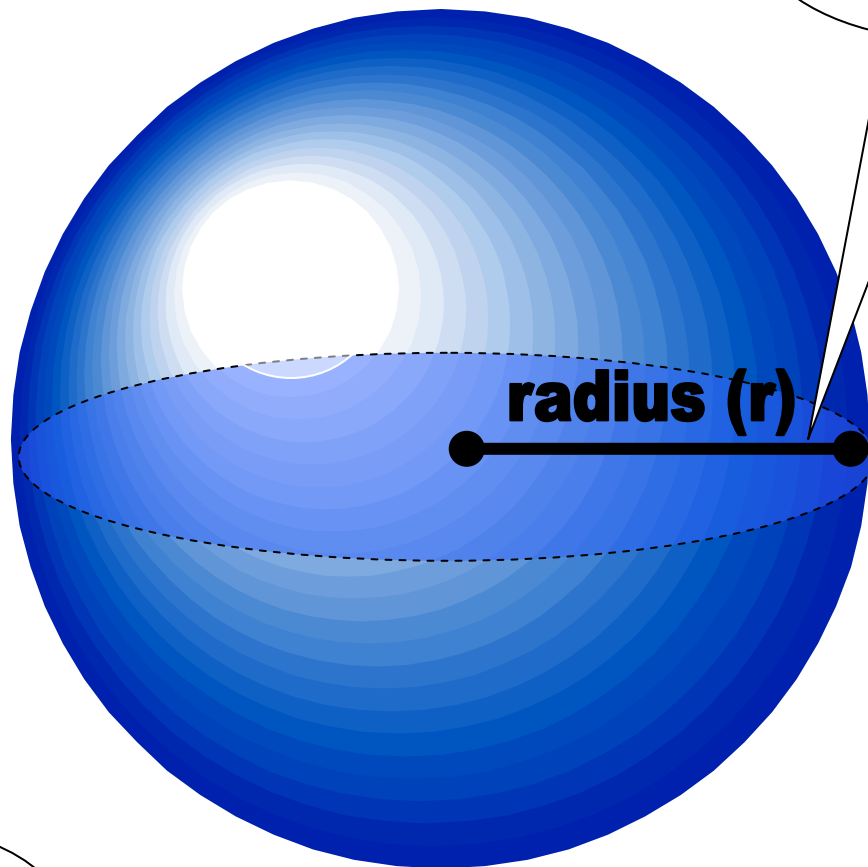

Use the volume formula

$$V = \frac{1}{3} \pi r^2 h$$

How do you find the volume of a sphere?

1ST
Find the
radius.

2ND
Substitute
in the
formula.

Use the volume formula

$$V = \frac{4}{3} \pi r^3$$
