Decimal Review: Menu Activity

Eating out at a restaurant is a fun event. Math is very important when eating at a restaurant. In order to figure out the bill, or how much change you'll get back you need to use math! In the following problems, you will use a menu to solve the math problems.

**Directions:** BUILD each problem. Use the menu to find the information. Show your work! Make sure you line up your decimal points!

1. What would be the cost of one Steak dinner, a cup of coffee, and a piece of chocolate cake?

   Answer: ______________________

2. What is the difference in cost between the Fish Dinner and a Chicken Dinner?

   Answer: ______________________
